Mary's Meals: after a criminal uprising which has displaced tens of thousands of people the situation in Haiti is deteriorating and innocent people are caught in the violence and hunger. The chaotic violence has forced many schools and businesses to close and thousands of people to flee their homes in search of safety. Haiti is one of the countries where Mary's Meals works. Mary's Meals are still able to continue feeding 68% of children in their usual school meal support network. If you would like to support Mary's Meals please see: <https://www.marysmeals.org.uk/news> and follow instructions to donate.

Gender Ideology: are you concerned or worried about the growing pressure in society and public institutions about gender ideology? How should we respond as people of faith and in regard to the teaching of the Catholic Church? The Vatican is to publish a declaration on Gender Ideology and Other Questions on Human Dignity on April 8. This will be made available to the parish. You can keep up to date with this and other topics on <https://zenit.org/>
